DETAILED ACTION

Allowable Subject Matter

Claims 2-8 and 10-21 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. Although the prior art teaches a vehicle window comprising a Fresnel-type grating as claimed in independent claims 8, 16 and 17, the prior art fails to teach such a vehicle window wherein the optical axis of the vehicle window is offset from the geometric center of the vehicle window.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
